Invitation

Cenetri Publishing Group takes keen delectation and highly regarded to host a Captivating Scientific meeting “World Congress on Neurology and Brain Disorders”. The Conference highlights the theme “Novel Research in Neurology and Brain Disorders” March 09-10, 2020 Lisbon, Portugal.

World Congress on Neurology and brain Disorders presents a unique occasion to meet prominent Directors, Neurologist, Neurosurgeons, doctors, academician, scientists and specialists across the globe and listen to best speakers on new expansions that will influence and spread the future of Neuroscience and Brain Disorders. The conference will unite the endeavours made all over the world to spread the field of Health through speakers and suppliers who are recognized world leaders in this area of specialization.

Scientific Sessions

- Neurology
- Brain Disorders
- Parkinson Disease
- Movement Disorders
- Epilepsy
- Seizure Disorders
- Central Nervous System
- Spine and Spinal Disorders
- Neurodegenerative Diseases
- Neuropediatrics and Neurorehabilitation
- Neurogenetic and Neurometabolic Disorders
- Cognitive Neuroscience
- Neuropharmacology
- Brain Cancer & Neuro-oncology
- Blood clots
- Hematomas
- Brain tumors
- Mental Disorders
- Stroke and Transient Ischemic Attack
- Concussions
- Cerebral edema
- Alcoholic neuropathy
- Fetal alcohol syndrome
- Alcoholic cerebellar degeneration
- Wernicke-Korsakoff disease
- Korsakoff psychosis
- Alcoholic myopathy
- Autonomic Neurology
- Computational Neurology
- Clinical Trails & Case Reports
- Stem cell approach for Neurological Disorders
Neuroscience Highlights

Neuroscience provides international platform to deliberate about the areas like basic Alzheimer’s Disease, Dementia Care, Aging and Gerontology, Neurology and Neuroscience, Spine, Spine Disorders and Spine Surgery, Neurological Disorders and Stroke, Neuro Degenerative Disorders, Neurogenetics, Neuro Oncology and Brain Tumor, Brain Disorders and Therapeutics, Parkinson’s disease and Movement Disorders, Cognitive and Behavioral Neurology, Neuroimaging and Radiology, Stem Cell for Neurological Disorders, Brain and Neurological cancers, Neurotherapeutics, Diagnostics and Case Studies, Pediatric Neurology, Computational Brain and Nervous system etc., by being a part of this event. Scientific conference is held nationally and internationally that get together world’s leading Neuro experts to share current Neuroscience research and clinical trials. This summit is an important opportunity to share new techniques to treat Neurological Disorders more efficiently and discuss chances to improve care.

Previous OCM Members

Alexandre Frey
President
Association for Artistic and Expressive Therapies, Portugal

Spomenka Kidemet-Piskac
Neurologist
General Hospital Varaždin, Croatia

Hadi Eltonsi
Retired Ambassador
Ministry of Foreign Affairs, Austria

Target Audience

- Neuroscience Researchers
- Medical colleges
- Neurologists
- Directors
- Neurosurgeons
- Psychiatrists
- Head of the departments
- Medical device manufacturing companies
- Diagnostic Companies
About Lisbon

Lisbon is Portugal’s hilly, coastal capital city. From imposing São Jorge Castle, the view encompasses the old city’s pastel-colored buildings, Tagus Estuary and Ponte 25 de Abril suspension bridge. Nearby, the National Azulejo Museum displays 5 centuries of decorative ceramic tiles. Just outside Lisbon is a string of Atlantic beaches, from Cascais to Estoril.
